Front Gate Protest Rally

keynote speaker:

Helen Caldicott, MD author, *The New Nuclear Danger:
George W. Bush's Military-Industrial Complex*
president, Nuclear Policy Research Institute

when: 1 pm to 3 pm, September 25, 2004

location:

Front gate of Vandenberg Air Force Base

At the intersection of Hwy 1 and Casamila-Lompoc Road
(Six miles north of Lompoc on Hwy 1, Santa Barbara County, CA)

At 11:30 there will be a 3 mile march to the front gate starting
at the Hwy 1 on-ramp at Vandenberg Village.

The Bush Administration (after abandoning the ABM Treaty that outlawed missile defenses) plans to deploy missile defense interceptors before the next election as the next step toward controlling and dominating space. Fifteen interceptors (that have yet to be proven effective) will be put into the ground at Ft. Greely, Alaska and Vandenberg AFB, California. We oppose the development of the proposed "shield" from behind which pre-emptive strikes can be launched. Help build support for a U.N. sponsored ban on weapons in space.
