

FREE RADIO NEEDS YOUR HELP

FREE RADIO Santa Cruz is an unlicensed micro-power radio station serving the community of Santa Cruz for almost 10 years. On Wed. Sept 29th a dozen Federal Marshals and 6 FCC agents shut the station down. Free Radio Santa Cruz was not interfering with any other stations or harming anyone with its broadcasts. The station is a community asset which was broadcasting alternative news, music and a variety of perspectives 24 hours a day. We are very grateful for the outpouring of support that we have received from the community. Many people have asked us what they can do to help. Below are some suggestions of things that you can do to support us and help us to continue our work. Thank you.

- PLEASE CALL Congressman Sam Farr and thank him for his letter to the Chairman of the FCC, Michael Powell. In his letter, he expresses his regret at the actions of the FCC in shutting down FRSC and he expresses support for the localized and independent views and voices we present. Read the letter at the FRSC website, www.freakradio.org
Then call Sam Farr's office at (831) 429-1976
- CALL COUNTY Board of Supervisors and request that they adopt a resolution similar to the recent City Council resolution supporting FRSC. County Board of Supervisors: (831) 454-2200
- We need funds for rent, bills, equipment etc. You can donate by making checks out to FRSC and send them to PO Box 7507 Santa Cruz, Ca. We also have a paypal account online at www.freakradio.org
- We also need Equipment such as CD players, microphones, VCR, DVD, flat screen computer monitor, CD burner and more. Check online for complete list. To donate Equipment call our voice mail at (831) 427-4523 and leave a message.
- Inform others about our station. This could mean letters to the editors of local papers, emailing friends, calling local radio shows to express your support etc.
- We need a location, outbuilding or room in a house. Contact us via voice mail (831) 427-4523.

THANKS FOR YOUR SUPPORT WE REALLY APPRECIATE IT.
WE LOOK FORWARD TO SERVING YOU AGAIN IN THE NEAR FUTURE.
